Description

Tip lives in the country of the Gillikins, at the North of the Land of Oz, with an old woman named Mombi. Mombi is Tip's foster mother, though she is not a very kind one. In fact Tip hates her, and is a bit afraid of her. Tip remembers nothing of his true parents.

Tip spends a lot of his time working for Mombi. He carries wood from the forest, so that the old woman can make a fire for her pot. Tip also works in the corn-fields, hoeing and husking; and he feeds the pigs and milks the four-horned cow.

But Tip also has some time to himself. When sent to the forest he often climbs trees for birds' eggs or amuses himself chasing the fleet white rabbits or fishing in the brooks with bent pins. And when he is supposed to be working in the corn-fields, Tip sometimes digs in the gopher holes or takes a nap.
